

# Table of Contents

## Section One: Overview

2020 Market Size Update .....	3
How to Use This Report .....	4
Acknowledgments .....	5
New in 2020: Forecasting & Market Analyzer Website.....	6
Product Category List & Definitions.....	7-8
Executive Summary .....	9-10
PTDA Distributor Survey Demographics.....	11-12
PTDA Manufacturer Survey Demographics.....	13-14
PTDA Manufacturer Channels to Market.....	15-16
Importance of Product Categories to PTDA Manufacturers.....	17

## Section Two: U.S. Market

U.S. Markets Overview .....	19
PTDA Distributor Product Mix: U.S. ....	20
Demand by End-Market in the U.S.....	21
Consumption by End-Market in the U.S. ....	22
Demand by End-Market in the U.S.: Top 20 End-Users.....	23
U.S. Regional Overview .....	24
PTDA Distributor Product Mix by U.S. Region .....	25
PTDA Product Mix by Distributor Size.....	26
Other Products and Services Offered by PTDA Members.....	27
Total & Distributor Available Market by U.S. State .....	28
Total Market by U.S. State by Product Category .....	29-30
Distributor Available Market by U.S. State by Product Category .....	31-32
Individual States: Top Segments & Demand by Metro Area (MSA) .....	33-83

## Section Three: Canadian Market

Canada Markets Overview .....	85
PTDA Distributor Product Mix: Canada .....	86
Demand by End-Market in Canada.....	87-88
Demand by End-Market: Canada Top 20 End-Users.....	89
Canada Province Overview .....	90
Canada Product Mix by Province: Total Market.....	91
Canada Product Mix by Province: Distributor Available Market .....	92

## Section Four: Mexican Market

Mexico Markets Overview .....	94
Demand by End-Market in Mexico .....	95-96
Demand by End-Market: Mexico Top 20 End-Users .....	97

## Conclusion

Methodology .....	99

## About the Power Transmission Distributors Association

The Power Transmission Distributors Association is the leading association for the industrial power transmission/ motion control distribution channel. PTDA exists to advance the industrial power transmission distribution channel and strengthen members to be successful, profitable and competitive in a changing market environment.

PTDA's members are the companies that distribute and manufacture the components that keep your world running smoothly. PTDA's membership comprises more than 320 companies. Guided by a member-focused strategic plan, the Association harnesses the expertise and intellectual capital of its collective membership to provide high-quality networking opportunities and best-in-class programs that enable member companies to compete more effectively in a changing marketplace.
