

Nominate a Woman in the Power Transmission/Motion Control Industry for the Wendy B. McDonald Woman of the Year Award

The Wendy B. McDonald Woman of the Year Award recognizes a woman who in 2023 established herself as a critical contributor to her company's success and affected positive change on the power transmission/motion control industry at any level in her career.

Nominations are being accepted through **June 8, 2024** for this award. The criteria are as follows:

- There are no criteria with respect to title, position in company or years of experience.
- Nominee must have exemplified leadership and integrity in all business relationships in 2023
- Nominee may work anywhere in the world.
- Nominee need not be employed full-time by a PTDA member company or be employed within the calendar year for which the nomination is made.
- Nominees must not have previously won the Wendy B. McDonald Woman of the Year Award or the Wendy B. McDonald Award.
- Nominations can come from anyone, including self-nominations.
- Nominee must be a female.

The award is presented annually (at the discretion of the PTDA Foundation Board of Trustees) during the PTDA Industry Summit.

About Mrs. Mac

Wendy B. McDonald was one of the power transmission/motion control industry's true pioneers. Known as "Mrs. Mac," she served over 60 years as a leader in her family-owned international industrial distribution company and former PTDA member, BC Bearings Engineers Limited (acquired by Motion Industries, Inc.). Mrs. McDonald left many legacies through her long career in the industry as a trailblazing woman business owner. Her charm and grace were legendary but so were her philanthropy and commitment to give back to the industry and the communities that led to her success.
